(Accepting socks and school supply
donations to Sunset Elementary students)

Oct 15 Sit and Chat 11:00 a.m.
(at Julie Gill's House #43)

Oct 17 HOA Board Meeting 6:30 p.m.
(at the Clubhouse)
[Zoom link](#) - Meeting ID: 870 5442-6175
Passcode: 063245

Oct 26 Outdoor Pool Heating ends 'til Spring

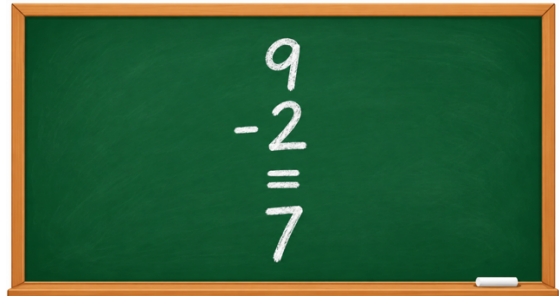

ZOOM...ZOOM...ZOOM!

The Association has an urgent need for a few volunteers who can periodically run the Zoom webcast of our monthly Board meetings.

The equipment is provided. Volunteers won't have to attend every meeting. Zoom facilitators, as members of the Communications Committee, can assist as their schedules permit.

Please contact silvercreekboardmembers@gmail.com if you're willing to help.

MATH ON THE BOARD

Next year will see a smaller number of Trustees on the HOA Board.

The Bylaws (section 3.3) stipulate *"The number of Trustees of the Association shall be between three (3) and fifteen (15) as periodically determined by the Trustees."*

Currently, nine (9) Trustees serve on the Board.

Last month, your Trustees adopted a resolution which establishes a Board size of seven (7) Trustees, effective next January 16, which is the date of the Annual Meeting and Annual Election.

The Trustees' vote to adjust the Board size was unanimous.

Here's the rationale:

As a self-managed community, with no paid staff, what Silver Creek really needs is *more* owners to share the load.

It may be fair to say that owners have not exactly been coming out of the woodwork in recent years to be candidates for the Board.

That's understandable. The demands of Board service are significant.

It's a big job!

But volunteers don't have to be Board members to make real contributions to the Association.

To encourage greater engagement, Trustees are delegating authority to and empowering committees to take on many of the tasks the Association is obligated to perform.

The hope is, that more bite-sized jobs will attract your participation in our shared efforts.

(continues next page)

The Association has established, or is now building out, committees for

**Architectural Review
Auditing
Communications
Landscaping & Water
Pools
Security & Clubhouse
Social Events
Welcoming**

One of those committees might be just the right fit for you. And you don't have to run for election!

There are many ways to be involved and to serve your neighbors without the demands of serving as a Trustee on the Board.

But, please don't write off that option!

Even with the reduction in size, there will be a Board position open for election in January.

So, dust off that executive resumé and run!

And part-time residents: don't think you're not eligible. Four of the nine current members of the Board are part-time Silver Creek residents.

This community belongs to all of us.

NEW NEIGHBORS

Please join all of Silver Creek in welcoming Peter and Kelly White who have moved into Unit #162.

They come from their previous home of eight years near the south end of Dixie Drive.

Peter and Kelly White

Peter says now that he has #162 in shape he has fully retired as a house painter.

Kelly works as a paralegal in the St. George office of the Utah Attorney General.

Peter is from London, Kelly is from Richfield.

They say *The Love Boat* is a real thing because they met on a cruise.

Before moving to St. George they lived in the U.K.

Peter became acquainted with Utah during visits to Kelly's family. They decided to trade London fog for St. George sunshine.

The Whites are both musical. Peter enjoys playing guitar and Kelly plays piano. Both are avid golfers.

DOLLARS AND SENSE

Gasoline prices in St. George last month topped \$5 a gallon.

Our natural gas bills have gone up this year.

Electric rates have gone up.

Key interest rates have gone up.

And can you even bear to look at the price of beef?

We are living together in an inflationary environment—we as individuals, and we as the Silver Creek Townhomes Association.

Your Trustees are undertaking the task of preparing a budget for 2027.

It is one of their most important and most difficult duties.

With a fiduciary responsibility to both protect homeowners' investment, and to allocate their resources prudently, achieving a balance between the two needs becomes the over-arching goal.

The Association is currently in a sound financial position. We are staying within budget through careful oversight and—quite candidly—by relying on unpaid labor.

The unpaid labor part is not sustainable.

Water is our community's second largest expense. Oversight of sprinkling systems over the past two years has largely fallen to a Trustee who has devoted countless hours to troubleshooting, fixing and replacing irrigation components.

That work needs to be performed by a contractor under a more robust landscaping maintenance contract.

Silver Creek has had a challenging year with landscaping maintenance and the Board is exploring all options for procuring the kind of service that Owners both deserve and have come to expect.

But right now, for all outside landscaping maintenance, each unit is paying little more than \$12 dollars a week. It is reasonable to expect that that budget item will have to increase in 2027.

Another foreseeable budget item increase for the Association next year is legal fees. The Board would be reckless if it acted without legal counsel in responding to certain matters that have been placed before it by a few Owners.

Budget discussions, presentations and votes are held in the Board's regular open meetings.
